

**Recommendations for the use of articles containing  
Dechlorane Plus**

The following information satisfies the requirement for providing users with information about SVHC, per article 33 of REACH Regulation (EC) No 1907/2006.

**IDENTIFICATION OF THE PRODUCT:**

Heat shrink sleeve – marker

**IDENTIFICATION OF THE SUBSTANCE:**

Information on SVHC Candidate list	Dechlorane Plus
CAS number	13560-89-9
EC number	236-948-9

**INSTRUCTION FOR SAFE USE:**

During normal end-use of this product, it is considered to present negligible health and safety hazards. If during the end-use of the product dust or particulates are generated, avoid breathing, or skin or eye contact. Avoid breathing fumes if product is heated.

**SAFE WORK AND HYGIENE PRACTICES:**

Practice good hygiene when handling this product.  
Wash hands thoroughly after handling this product.

**RESPIRATORY PROTECTION:**

No special respiratory protection is required during normal use of this product.  
Use in a well-ventilated location.  
In the unlikely event dust is generated by this product during use, wear appropriate respiratory protection.

**EYE PROTECTION:**

No special eye protection is required for use of this product. Wear safety glasses or goggles if during end-use of this product operations may produce flying debris or particulates.

**HAND PROTECTION:**

Use heat resistant gloves while handling the hot material. If this product is cut by mechanical means, mechanically-resistant or leather gloves may be appropriate.

**DISCLAIMER OF LIABILITY:** *The information contained in this document is based on the information communicated by our suppliers, on the state of our knowledge at the time of publication and is believed to be correct. However, Radiall makes no warranty, express or implied, as to the correctness, accuracy or completeness of this information and disclaims any liability for loss, expense, personal injury, property or other damages of any nature whatsoever, whether special, indirect, consequential or compensatory, directly or indirectly arising out of or in any way connected with the publication, use or reliance on this safe use instruction or the handling, storage, use or disposal of the product. This safe use instruction sheet provides guidelines for the safe handling and processing of the mentioned product. It does not and cannot advise on all possible situations, therefore, your specific use of this product should be evaluated by your own experts to determine the suitability of each such product for its specific application and to establish safe handling and installation procedures if additional precautions are required. The conditions or methods of handling, storage, use or disposal of the product in particular are beyond our control and may be beyond our knowledge. Users are advised to ensure that this information is brought to the attention of all employees, agents, and contractors handling this product.*
